

junior summer 2010

a residential summer school for young learners aged 12 to 15
at St Lawrence College, Ramsgate

Adam and Maz, owners of Margate Language Centre, would like to invite you to join Junior Summer, a residential English language summer school for younger students. Junior Summer is based in Ramsgate, a seaside resort on the south-east coast of England.

We have exclusive use of the modern, state of the art Kirby House, the middle school of St Lawrence College Ramsgate, a traditional English public school founded in 1897.

Kirby House offers classrooms, residential accommodation, a cinema suite, student lounges and recreation areas, and provides a light and inspirational learning environment for Junior Summer students.

The playing fields, tennis and basketball courts are located around the building. Our young learners visit the dining hall, set in the traditional building of the senior school, for their meals.

Our Junior Summer residential school is ideal for young learners wishing to combine an English language course within a full programme of sports, arts and crafts and accompanied cultural activities, in a totally safe environment.

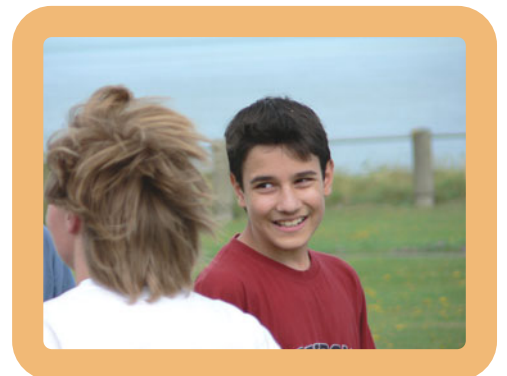

Our professional and caring team at Kirby House create a warm family-like atmosphere so that our Junior Summer students very quickly feel comfortable and at home in their new surroundings.

With a maximum of fifty students within the age range of 12 to 15, Junior Summer guarantees a special, personal atmosphere.

Junior Summer includes:
